Summary

Hello! I'm a 26-year-old Front End Developer based in Bandung. I'm a proud graduate of ITB and the Front End Scholarship Bootcamp by SIRCLO Tech Academy. With over a year of experience, I specialize in using Next.js. During my time as a Junior Software Engineer at SIRCLO, I worked on Order Management Systems for clients like Biofarma, Medbiz, Hush Puppies, and Guardian.

EXPERIENCE

Icube by SIRCLO — Junior Software Engineer

April 2022 - June 2023

Develop the custom PWA interface of Order Management System based on client requests.

- Following the Scrum methodology in project development.
- Developing functional and responsive PWAs using Next.js.
- Styling websites based on UI/UX designs using CSS and Material UI.
- Utilizing GraphQL and Apollo to manage data from the Backend Team.
- Collaborating with the QA team to identify and resolve bugs.
- Writing documentation outlining site features and functionality.

Project: Medbiz biofarma, Hush Puppies, Guardian

FRONT END SKILLSET

HTML	Javascript
